## **JUNIOR LIGHTING DESIGNER, CLEAR STORY**

Clear Story, a Pittsburgh-based professional services firm specializing in architectural lighting design seeks a full-time Junior Lighting Designer. The Junior Lighting Designer will support the Principal & Design Director in the day-to-day operational workflow – developing and documenting lighting design concepts and strategies. Clear Story is actively working on lighting design planning for historic places, houses of worship, bridges and civic infrastructure, arts and cultural destinations, and high-end residential projects. The firm was founded in 2007 and operates out of a 12,000 square-foot creative studio in Pittsburgh’s Southside neighborhood.

The ideal candidate will have an architectural lighting and controls background with practiced skills in computer drafting, electrical design, verbal and written communications, and concept visualization. The Junior Designer will be comfortable with a variety of computing platforms (Windows, macOS) as well as hardware, software, and audio / visual systems. The Junior Designer must also be willing and able to participate in field surveys, active studio testing and mock-ups, and visits to project construction sites. We seek a candidate who has a multitude of interests, a desire to master new skills, a positive outlook, and an ability to stay up to date with all aspects of a rapidly evolving technological environment.

### **PREFERRED QUALIFICATIONS AND SKILLS:**

- Undergraduate degree in Architecture, Lighting / Electrical Engineering or related field.
- An understanding and creative professional interest in lighting design across architectural, interior and landscape design projects.
- Proficiency in Revit / VectorWorks / AutoCAD.
- Developed skills in 3D modeling and photometric analysis software.
- Knowledge in Adobe suite: Photoshop, Illustrator, InDesign, Acrobat, and MS Office.
- Excellent organizational skills, attention to detail, openness to growth and collaboration.
- Strong sensibility and appreciation for design communication.
- Time management skills and the ability to multi-task.
- Ability to maintain a flexible work schedule, including working evenings and weekends as may be occasionally required.
